

EBSR Statistics December 2008

Bus Service Registrations

During December 2008, VOSA received over 800 registrations from bus operators in England, Scotland & Wales. About 120 of these (15%) were in electronic form. Since the launch of EBSR, VOSA have handled more than 1500 electronic registrations, with only 5 failures. Nearly 30% of all registrations are EBSRs or in the process of conversion to EBSR.

Local Authority Take-up

38 local authorities (26% of all) are currently receiving EBSRs. More than 40 others have registered with VOSA in anticipation of receiving EBSRs. A small number of authorities are importing EBSR data into their local database system to take full advantage of the benefits of electronic data transfer. Others are known to be looking at doing the same.

Local Authorities that have not yet registered to receive EBSRs can do so by emailing Phil Jowitt at VOSA at phil.jowitt@vosa.gov.uk. You will need to set up a dedicated email address in the format ebsr@localauthorityname.gov.uk. Details of any electronic registrations submitted for your area will be sent to this address.
