EBSR Help Sheet
WEB RESOURCES

There are a number of training resources available on the internet for supporting users in the use of EBSR and associated data formats (NaPTAN, NPTG and TransXChange). This Help Sheet provides a reference list of these resources. It does not index resources which appear only in the EBSR Training Toolkit – these will be added to a revised version of this Help Sheet in the future.

1. NaPTAN and NPTG resources

A. Department for Transport NaPTAN Home Page (for overview and schema)
http://www.naptan.org.uk/

B.   Department for Transport NPTG Home Page (for overview and schema)
http://www.nptg.org.uk/
